

ConAgra Foods – Extensive Installation of Equipment for Major Food Company

CLIENT

ConAgra Foods

LOCATION

Kansas City, Kansas

PROJECT DESCRIPTION

ConAgra Foods is one of North America's largest packaged food companies. Its portfolio includes consumer brands found in 99% of America's households, the largest private brand packaged food business in North America, and a strong commercial and foodservice business. The company is a Fortune 500 company with net sales totaling approximately \$15.8 billion while employing 33,000 people.

Consumers can find brands such as Banquet®, Chef Boyardee®, Egg Beaters®, Healthy Choice®, Hebrew National®, Hunt's®, Marie Callender's®, Orville Redenbacher's®, PAM®, Peter Pan®, and many other ConAgra Foods brands, as well as food sold under private brand labels, in groceries, convenience stores, mass merchandise, clubs and drug stores.

B&M SCOPE OF WORK

Black & McDonald has worked on nine plant additions and two new plants in several states for American Italian Pasta Company (AIPC), a subsidiary of ConAgra at the time. The team has installed 2,500-3,000 amp double ended service for the entire flour delivery, pasta production and packaging equipment with pneumatic controls. Installations required new service into the building as well as new underground medium volt services and switches.
