

ATK Small Caliber Systems Pre-Well Manufacturing Group – ATK .50 Caliber Unprimed and Primed

CLIENT

ATK Small Caliber Systems

LOCATION

Independence, Missouri

PROJECT DESCRIPTION

ATK Small Caliber Systems is the world's leading producer of high-quality military small caliber ammunition, links and weapons systems. During the 10 years ATK has operated the Lake City Army Ammunition Plant in Independence, Missouri, ATK has delivered more than 10 billion rounds of 5.56, 7.62 and .50 caliber ammunition for use by United States and international military services. The division also supplies non-standard (non-NATO) ammunition and weapons to U.S. allies. ATK employs approximately 20 military, 5,800 civilians and 8,300 contractor personnel.

B&M SCOPE OF WORK

This Black & McDonald (B&M) project consisted of the installation of supplied equipment and the installation of equipment feeders and control conduit and conductors for the .50 Cal. Machine in the Primed and Unprimed Area. This project required work in a heavy manufacturing environment as well as in a Class II Division 1 Groups E, F and G environment.
